

# MERLOT

Multimedia Educational Resource  
for Learning and Online Teaching

To learn about **MERLOT**,  
go to <http://www.merlot.org>

We know you are on the go and can't always get to information you need. So MERLOT has partnered with Research In Motion (RIM), makers of BlackBerry® smartphones, to provide you with a convenient tool, *MERLOT Mobile Search*. Access *MERLOT Mobile Search* virtually anywhere you take your mobile phone. Search and find learning materials in MERLOT and e-mail them to yourself or to a colleague. All this delivered in a simple interface that makes it easy to search MERLOT when you are away from your computer.

**Can I have the *MERLOT Mobile Search* application link sent to my BlackBerry® smartphone?**

Yes. Go to <http://mobile.merlot.org> and enter your e-mail address. We will send the link for *MERLOT Mobile Search* to your phone for you to download and install\*. Once installed, click on the icon to start using *MERLOT Mobile Search* on your device.

**How do I download *MERLOT Mobile Search* from the BlackBerry® Browser?**

1. From your BlackBerry Web browser, type in <http://mobile.merlot.org>.
2. Follow the prompts to download and install *MERLOT Mobile Search*.
3. From the BlackBerry desktop, select the MERLOT icon and enter search criteria.

**What if I don't want to install this myself or if I have questions?**

If you do not want to install it yourself, contact IT Service Center (562) 346-2456 or [itservicecenter@calstate.edu](mailto:itservicecenter@calstate.edu). For more information or questions, contact the MERLOT webmaster at [webmaster@merlot.org](mailto:webmaster@merlot.org).

\*Depending on how your System Administrator set up your device, you may be required to enter a password to download an application. See your System Administrator for further information. This password is not required by MERLOT.
